Driven by 4 generic accounts

Factores de riesgo identificados

Recomendaciones Priorizadas

#	Recomendacion	Prioridad	Detalle
1	Eliminate the 4 generic accounts	High priority	admin, soporte, practica, auditoria - drives Extremely High rating and anchors CIS.5.1/CIS.5.5 at 0%
2	Remove or rename the 6 default/unnamed accounts	High priority	Lifts CIS.4.7 from 0% (~\$0.28m opportunity)
3	Delete stale disabled accounts	Medium priority	All non-expiring and no-password findings sit in disabled accounts with last logins from never to 2023
4	Review admintrendmicro	Medium priority	Active admin-group account that has never logged on

#	Recomendacion	Prioridad	Detalle
5	Close the MFA gap	Medium priority	36 of 42 active accounts (85.7%) MFA-enrolled; the 6 outside are generic/admin service accounts
6	Maintain current password hygiene	Ongoing	100% of active passwords rotated within 60 days; keep 60-day expiry policy enforced
